

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

The Department of Natural Resources is providing this report to satisfy the requirements of the "Procedures Concerning Certain Licenses Act", IC 14-11-4, and its associated administrative rule, 312 IAC 2-3. The application files are available for public inspection at the Division of Water's office in Indianapolis. Please contact the Division's Technical Services Section at (317) 232-4160 or the toll free number 1-877-928-3755 to make an appointment for file review. Photocopies may be made for a nominal charge of \$0.10 per 8 1/2 " X 11" copy.

A pre-action public hearing on an application may be requested by filing a written petition with the Director, Division of Water:

Michael W. Neyer, P.E., Director
Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

For a petition to be considered valid it must:

1. Contain the typed or legibly printed name and complete mailing address of each petitioner;
2. Be signed by a minimum of 25 individuals who are at least 18 years old and either reside in the county where the project will take place or own real property within 1 mile of the project site;
3. Affirm that each signatory to the petition satisfies the requirements of item 2; and
4. Identify the application for which the public hearing is being requested either by the application # or the applicant's name and the project description.

A petition which does not meet these requirements will be considered invalid and the hearing request will not be granted.

A person may request that the Department provide written notice of its action on an application by filing a written request with:

Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

The request must identify the application by either the application # or the applicant's name and the project description.

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

Application # : FW-25034

Stream : Wabash River

Applicant : US Army Corps of Engineers
Thomas Harvey, Park Manager
735 North Warren Road
Huntington, IN 46750-9202

Description : As part of the J. Edward Roush Lake flood control levee (HuntingtonLake), the U.S. Army Corps of Engineers proposes to excavate approximately 1000 cubic feet of loose channel rock from the Wabash River in order to restore the channel to its original condition. The excavated material will be placed in a spoil area and used as fill to extend a small breakwater dike. The dike will be extended to include a 120' x 60' area of the north exit of the Markle cut-off channel of the Wabash River. The fill will vary in depth from 5' -12'. The finished elevation of the fill will be 775.00', NGVD. Details of the project are contained in information received electronically at the Division of Water on October 15, 2008 and in plans and information received at the Division of Water on October 17, 2008.

Location : At the west end of the cut-off channel of the Wabash River
DOWNSTREAM: near Markle, Rock Creek Township, Huntington County
T 27N, R 10E, John B Richardville Reserve No 36, Markle Quadrangle
Quad Code: 4008573
UTM Coordinates: Downstream 4520102 North, 639101 East
UPSTREAM:
UTM Coordinates: Upstream 4520118 North, 639219 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

Application # : FW-25063

Stream : Big Blue River

Applicant : Johnson County Highway Department
Michael P. Pelham, PE
1051 Hospital Road
Franklin, IN 46131

Description : The existing bridge deck of the five-span prestressed concrete I-beam bridge carrying County Road 800 East over Big Blue River will be rehabilitated. The northern section of bridge deck will be replaced with a new deck. The southern section will be milled and patched where necessary with a bridge deck overlay installed. The structure is a 5-span bridge with span lengths of 75'. The structure has an out-to-out length of 28.25' and a clear roadway width of 27.75'. The vertical abutments will not be disturbed. The abutments and piers are skewed 0 degrees to align with the streamflow. The new approach roads will be elevated a maximum of 0 ft above the existing approaches. The existing structure will remain in place. The project is locally funded. Details of the project are contained in information received electronically at the Division of Water on November 10, 2008 and in plans and information received at the Division of Water on

Location : At the County Road 800 East stream crossing; Johnson County Bridge No. 35 near Edinburgh, Blue River Township, Johnson County
T 11N, R 5E, Marietta Quadrangle
Quad Code: 3908548

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

Application # : FW-25064

Stream : Unnamed Tributary White River

Applicant : City Of Anderson, Department of Engineering
Michael Spyers, PE
120 East Eight Street
PO Box 2100
Anderson, IN 46018-2100

Description : The existing 9.9' simple single span steel beam culvert carrying North Shore Boulevard over an unnamed tributary to the White River will be replaced with a new structure, on the same vertical and horizontal alignments, due to age, deterioration, and hydraulic capacity. The new structure will be a replacement in-kind of a single span cast-in-place reinforced concrete flat slab having one (1) 14'-6" span (with a 12'0" opening). The structure will have an out-to-out width of 27'-6" and a clear roadway width of 27'-3/4". It will consist of two (2) 10'-0" travel lanes in each direction with 3'-6" shoulders and guardrail on each side. 2:1 spill through slopes will be utilized and armored with riprap placed over geotextile. The structure and abutments will not be skewed; they will be square with the channel. The new approach roads will not be elevated above the existing grade. The existing structure will be removed. There will not be any temporary construction on this project. This project funded by the City of Anderson. Details of the project are contained in information received electronically at the Division of Water on November 10, 2008 and in plans and information received at the Division of Water on

Location : The project area begins less than 25' upstream and less than 25' downstream of the roadway centerline crossing over an unnamed tributary to the White River at Anderson, Anderson Township, Madison County
Section 10, T 19N, R 7E, Anderson South Quadrangle
Quad Code: 4008516

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10
